“Responsible credit users and business starters REJOICE! I heard about Credit Card Builders from a webinar training and subscribed immediately; it was the second best business decision I ever made (second only to starting my own real estate company in 2010). Credit Card Builders found me the 0%APR credit I needed.

In one year, I was able to get a **total of \$276,000** of 0% interest credit. That helped me accelerate the growth of my company by making more deals and acquiring more rental properties, resulting in increase of income and cash flow. As a real estate investor, I always have an exit strategy and having such credit on hand is most helpful.”
